

# Tell us the problem. We'll build the solution.

Re-Charge builds websites, dashboards, automation, AI and custom software for South African businesses. Built quickly, at a fixed price, by people you can reach directly.

✓ Free mockup before you pay

✓ Fixed quotes, no hourly rates

✓ You own your domain

## WHAT WE BUILD

### Websites

From a one-page site live in a day to booking and online shops.

FROM R1,000

### Dashboards

Your sales, stock and project numbers, finally easy to read.

FROM R2,000

### Automation

Quotes, reminders and admin that run themselves.

FROM R2,000

### AI integrations

Assistants that answer from your own documents.

FROM R3,500

### Custom software

Tools and apps built around how you work.

FROM R4,500

### Hosting & Care

Kept online, secure, backed up and up to date.

FROM R50/month

## HOW IT WORKS

1

### Tell us what you need

A few sentences is enough.

2

### See a free mockup

Your site, before you pay.

3

### Accept a fixed quote

R500 deposit to start.

4

### Go live

Often within days.

## Let's talk about your business.

Send a WhatsApp or start online. We reply within 1 business day.
